Notice of Non-Compliant Amendment (37 CFR 1.121)

Application No.

10/614,074

Examiner

Gay Ann Spahn

Applicant(s)

BARTMAN ET AL.

Art Unit

3635

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

The amendment document filed on 08 September 2009 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121 or 1.4. In order for the amendment document to be compliant, correction of the following item(s) is required.

THE FOLLOWING MARKED (X) ITEM(S) CAUSE THE AMENDMENT DOCUMENT TO BE NON-COMPLIANT:

- ☐ 1. Amendments to the specification:
 - ☐ A. Amended paragraph(s) do not include markings.
 - ☐ B. New paragraph(s) should not be underlined.
 - ☐ C. Other _____.
- ☒ 2. Abstract:
 - ☐ A. Not presented on a separate sheet. 37 CFR 1.72.
 - ☒ B. Other See Continuation Sheet.
- ☒ 3. Amendments to the drawings:
 - ☐ A. The drawings are not properly identified in the top margin as "Replacement Sheet," "New Sheet," or "Annotated Sheet" as required by 37 CFR 1.121(d).
 - ☐ B. The practice of submitting proposed drawing correction has been eliminated. Replacement drawings showing amended figures, without markings, in compliance with 37 CFR 1.84 are required.
 - ☒ C. Other See Continuation Sheet.
- ☒ 4. Amendments to the claims:
 - ☐ A. A complete listing of all of the claims is not present.
 - ☐ B. The listing of claims does not include the text of all pending claims (including withdrawn claims).
 - ☒ C. Each claim has not been provided with the proper status identifier, and as such, the individual status of each claim cannot be identified. Note: the status of every claim must be indicated after its claim number by using one of the following status identifiers: (Original), (Currently amended), (Canceled), (Previously presented), (New), (Not entered), (Withdrawn) and (Withdrawn-currently amended).
 - ☐ D. The claims of this amendment paper have not been presented in ascending numerical order.
 - ☒ E. Other: See Continuation Sheet.
- ☐ 5. Other (e.g., the amendment is unsigned or not signed in accordance with 37 CFR 1.4):

For further explanation of the amendment format required by 37 CFR 1.121, see MPEP § 714.

TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 2(b) Other: The examiner notes that the Abstract cannot be amended by completely striking-through the existing Abstract (this is prohibited by 37 CFR 1.121(b)(1)(iv) and completely underlining a new Abstract to be inserted (this is prohibited by 37 CFR 1.121 (b)(1)(iii)). Rather, Applicant must comply with 37 CFR 1.121(b)(1)(ii) by presenting the full text of the replacement paragraph (i.e., Abstract) with markings to show all the changes relative to the previous version of the paragraph (even if only one word or a few words are common between the present Abstract and the Abstract to be inserted). The Abstract must be amended in compliance with 37 CFR 1.121(b)(1)(ii) to show the markings to the paragraph so that the Examiner can easily discern the changes made thereto. The Manual of Patent Examining Procedure (MPEP) section 608.01(b) states that "the abstract of the disclosure has been interpreted to be a part of the specification for the purposes of compliance with paragraph 1 of 35 U.S.C. 112 (In re Armbruster, 512 F.2d 676, 678-9, 185 USPQ 152, 154 (CCPA 1975))" and therefore, the examiner needs to know what changes Applicant has made to the Abstract in order to make sure that no new matter has been added. It is not showing the examiner the changes that have been made to the Abstract by simply instructing to replace the original Abstract with a new Abstract as was done in the Amendment filed 19 February 2008. Therefore, in order to comply with 37 CFR 1.121(b)(1)(ii), Applicants must amend the Abstract by underlining those words that have been added to the Abstract and striking through those words that have been deleted from the Abstract, except that deletion of five or fewer characters may be shown by double bracketing.

Continuation of 3(c) Other: The "DRAWING AMENDMENTS" section is incomplete because Applicant did not also send in the Replacement Sheets of drawing. As noted in paragraph no. 2 below on this form, if any of boxes 1 to 4 on a NOTICE OF NON-COMPLIANT AMENDMENT (37 CFR 1., 121) are checked (as box 3 was in the 10 December 2008 Notice of Non-Compliant Amendment (37 CFR 1.121)), then the correction required is only the corrected section of the non-compliant amendment in compliance with 37 CFR 1.121. By sending in a "DRAWING AMENDMENTS" section in the 08 September 2009 "Amendment", but not including the Replacement Sheets of drawings, Applicant has not presented a complete corrected section.

Continuation of 4(e) Other: With respect to Box 4C above, the examiner notes that claim 23 does not have the proper status identifier. Previously presented (or the acceptable alternative of Previously Amended by MPEP 714) claims cannot have markings therein. Therefore, either the status identifier should be changed to "(Currently Amended)" or the marking in claim 23 (i.e., underlining under "by wedging pressure" in line 8) should be removed.
